The bigger the better

Our extensive range of bulk collection containers means there's a solution for every job.

Where there is a need for collecting textiles on a large scale Wilcox have a solution. Whether it's located on a supermarket car park, Household Waste Recycling Centre (HWRC) or Material Recovery Facilities (MRF) there is a bulk container to suit your requirements.

With over 50 bulk collection solutions being offered regionally, Wilcox has vast experience in collecting on a large scale and offers the quality of service to go with it.

Uplift containers

Normally referred to as roll on-roll off containers our uplift range come in various options including:

- Midi open-top 40m³ | 6 ton capacity
- Midi 40m³ | 5 ton capacity
- Midi 25m³ | 3 ton capacity

Walking floor containers

These space saving solutions allow for collected material to be compacted on site with it's walking floor system. This allows for a massive collection capacity of 18 tons.

With modern collections vehicles, experienced drivers and commitment to our customers large volumes of material will no longer cause you a headache.

We specialise in working closely with charities, Local Authorities and private waste collection companies with the aim of delivering an efficient collection service.

With both short and long term service contracts available we pride ourselves in offering you the highest level of service and support. Whatever your textile problems Wilcox has the answer.
